

SIX THOUSAND DOLLARS.

Stock of Sch. Bertha and Pearl on Seining Trip.

Good Stocks and Shares of Other Vessels.

Sch. Bertha and Pearl, Capt. Joseph Smith, stocked \$6000 on her recent big seining trip, the crew sharing about \$150 each.

This is one of the two largest stocks and shares on a single seining trip this season, this one and that of sch. Edna Wallace Hopper on her trip before the last, being about the same figures. This is certainly a big stock for one trip and Capt. Smith is to be congratulated on his good work.

Sch. Norumbega, Capt. John McKinnon, stocked \$3831.76 on her recent seining trip, the crew sharing, \$94.32.

Sch. Veda McKown, Capt. George McKown, stocked \$2670 on her recent seining trip.

Sch. Talisman, Capt. Basil, McGray, stocked \$2000 on her recent seining trip, the crew sharing \$40.07.

Sch. Volant, Capt. Miles Somes, stocked \$1287 on her recent seining trip.

Sch. Grayling, Capt. Reuben Cameron, stocked \$3160 on her recent seining trip, the crew sharing \$72.83.

Sch. Seythia, Capt. Anson Leman, stocked \$2903 on her recent seining trip, the crew sharing \$64.

BIGGEST YET.

Sch. Mabel D. Hines Has Large Salt Cod Fare.

Trip Estimated at 31,000 Pounds or More.

Sch. Mabel D. Hines, Capt. Lovett Hines, arrived from Grand Bank this morning with the largest salt cod fare of the season. In the language of the "streamers," "Capt. Hines has her full." As the vessel weighed 337,000 pounds on one trip, it can be judged what this means. Capt. Hines haul his fare for 310,000.

Very few men have enjoyed the uniform success, which has come to Capt. Hines in the many years he has been salt banking. He has always done big, never failing to be near the top and many years leading the fleet. Capt. Hines success is deserved as he is a man of good judgment and salt fishing is to him an open book.

Sch. Gossip Has Over 200,000 Pounds of Shack.

Will Give Her Own World's Record a Rub.

Sch. Gossip, Capt. Antone Courant, arrived here this morning from the Sable Island ground with one of the largest if not the largest fare of fresh fish ever landed. The vessel is full from end to end and Capt. Courant estimates his fare at 225,000 pounds. If she holds out a world's record will be broken. This record Capt. Courant made last year, when he landed 220,000 pounds of fresh fish in one fare.

Capt. Courant has an unapproachable record for big shack fares and carries off the honors for large fresh fish trips.

TO USE OIL FOR FUEL.

Unique Style of Fishing Steamer Launched at Nixon Ship Yards.

The Austice, a vessel designed to run between Galveston and a fishing station on the coast of Mexico, was launched Saturday from the Crescent ship yards of Lewis Nixon.

She is 177 feet long, 24 feet beam, and draws 10 feet. She is built of mild steel of the highest tensile strength. She has steam windlass, steam steering gear, electric lights and very large ice machines. All the holds of the vessel are fitted up for carrying fish, the temperature being held at a point, by means of the ice machines, which will keep the fish fresh under all conditions of temperature.

She will use oil for fuel, the bunkers carrying oil in bulk.

Large Catches.

Enormous codfish are now being taken along the shore, more like bank than ordinary shore cod. Vessels that have come from Barbadoes recently state that the volcanic disturbances in the West Indies has driven all kinds of fish from the waters there, and its effect has evidently been felt as far north as this. From some cause, whether to the eruptions or not, the sea has been in a state of ferment for a time past and a terrible undertow raged, making it impossible to haul traps on the outside with safety unless there is no wind.

DROWNED BY SWORDFISH.

Big Fish Hauls Isadore Bushee from Dory.

Road Line Had Hard Turn Around His Leg.

Sch. W. B. Keen, Capt. John McKinnon, engaged in swordfishing, arrived from Georges this morning with her flag at half-mast for the loss of Isadore Bushee, one of her crew.

The sad accident happened at 2 o'clock Saturday afternoon. A big swordfish had been harpooned from the pulpit and Bushee put off in the dory to pick up the buoy and haul in on the road line. The fish came in easy, and Bushee had the road line all in but eight fathoms, when those on the schooner saw the line pull tight and, to their horror, noticed Bushee go over the rail and disappear beneath the surface. The line had caught around one of his legs and when the fish darted off he had pulled the unfortunate man, who was unable to clear himself, overboard and under water with the road line.

In less than four minutes another dory from the vessel was on the scene and two men were hauling as hard as they knew how on the line, but could not gain an inch. After a while the fish played out, and there eight fathoms from the 400-pound swordfish was Bushee caught securely by the roadline around the leg and evidently dead. He was taken on board the vessel and all efforts to resuscitate him were unsuccessful, so the vessel headed for home to bring in his body.

Bushee was 48 years old and leaves a widow at No. 12 Taylor street.

MORGAN IS HUSTLING.

Sch. Constellation with 550 Bbls. Fresh at Boston.

LENA AND MAUD ALSO IN.

Nine Fine Salt Mackerel Fares Here Today.

The mackerel outlook this morning is of a more radiant hue than for some time. At this port are nine good salt fares and at Boston three fresh fares, one of them a "buster." Not only is the receipt of so many mackerel good news, but it also, shows that the fish on Georges, or at least some parts of it, are more easy to catch than for some time past. The receipts here and at Boston today aggregate 1725 barrels salt and 900 barrels fresh.

The top notcher is sch. Constellation Capt. Thaddeus Morgan, at Boston with 500 barrels of fresh mackerel, or 40,000 fish in count. This is one of the finest fresh fares of the season and the second largest landed since the vessels came from south.

Capt. Morgan has been from second to leader of the fleet since he started in April and this trip gives him a clear lead the high line position. He deserves his success, as he is a hustler from the word go, a hard worker himself, and a man of good judgment, backed up by as fine a crew of men as ever turned Eastern Point.

The Constellation sailed from here only last Thursday evening and reached Boston yesterday. In that time the vessel had been way to the southern part of Georges, secured her fare and reached market, showing the value of her gasoline auxiliary power.

The fare was taken 100 miles south-southeast from Highland light, on the southern part of Georges. The whole fare was taken in four sets, the last fish being taken Saturday. A rattling good price. 11 cents each, was secured for the fish and this means a big stock and share.

Another fine fare at T wharf is the sch. Lena and Maud, Capt. Joseph E. Graham with 300 barrels of salt and 100 barrels of fresh mackerel. Capt. Graham got away late this spring, but he has not let any grass grow on his craft and is well up in the procession.

The little sch. M. Madeleine, Capt. Roland Brewer, is also at Boston with 125 barrels of fresh mackerel and 25 barrels of salt mackerel. Capt. Brewer is always doing well.

At this port sch. Edward A. Perkins, Capt. Bert Kimball, has 300 barrels of salt mackerel and 30 barrels of fresh mackerel. Sch. Lotona, Capt. Gourley Anderson, has 300 barrels of salt mackerel and sch. Golden Hope, Capt. Douglass McLean, has 145 barrels salt mackerel and 140 barrels fresh mackerel. John Nagle bought both fresh mackerel fares at 7 cents apiece for fish.

Sch. Hiram Lowell, Capt. John Vautier, stocked \$2600 on her recent seining trip.
